Dear Sir's,

With a Bachelor's and Master's Degree in Biomedical Engineering, numerous years of hand-on experience creating and implementing medical devices, and the ability to troubleshoot and solve problems in a timely and accurate manner, I confidently express my interest in your posting for an experienced Biomedical Engineer.

I have been involved in numerous large-scale testing's and releases of Biomedical products, particularly related to electo-surgery devices. Because of my experience, I understand the importance of time management and open communication. While it may be easy it may be easy to focus on the technical side of work. I've found that begin able to express concerns, roadblock, and alternative solutions to colleagues of varying technical backgrounds has been invaluable in my professional development.

- Sound knowledge of online media advertising.
- Good interpersonal skills and communication skills.
- Ability to maintain good client relationships.
- Sound knowledge in the service development.

Attached is a copy of my resume that further explain my background and technical skills, I can be reached anytime via my cell phone +96170482885, +380634889009 or via email at mhmadnasser66@gmail.com thank you for your time and consideration. I look forward to speaking with you more about this opportunity.

Yours sincerely,

Mohammad Nasser,
