Motivational Letter

Dear Sir,

My name is Elie Beaino, Chief Surveyor currently working in Khoury Contracting Company SARL. I am writing you to express my interest in the vacant position you have in your esteemed company.

Afore attempting to lodge an expression of interest, I can bring as an addition to your team and my capability of undertaking the challenges this job underlies. After thorough consideration I decided that this position is an opportunity I do not want to miss out on, especially since I believe that I have the potential to meet most of its requirements if selected.

First, which was christened in April 2013 when I received my Bachelor degree in Surveying from the Institute of technical Industry, Lebanon.

In short, I am a team player, a workaholic, and a tidy multitasking individual, and if considered for this position, would happily work towards proving these statements. This project would serve as a corner stone in my career and I am looking forward to be on board your team.

I am available upon request, for further deliberation, details if needed, or interview in case I am shortlisted.

Sincerely yours,

Elie Beaino
